VocalEssence WITNESS Young People's Concerts

VocalEssence WITNESS celebrates the contributions of African Americans to the fine arts and our shared American heritage through concerts, recordings, and education.

Now in its 29th year, VocalEssence WITNESS includes free artist workshops, teacher training and curriculum, and Young People's Concerts at Orchestra Hall. More than 4,000 students participate annually with a total of more than 120,000 students inspired since the program's inception. Learn more at vocalessence.org.

“This concert is one of the richest, most engaging cultural experiences our 4th and 5th graders will have all year!”
